REMARKS REGARDING SHOWING OF DELAY

Enclosed is a copy of the Amendment that was mailed December 11, 2003. Included with the copy is a copy of the postcard that lists all the contents of that submission. Please note that the postcard includes a stamp from the Office of Initial Patent Examination and is dated December 11, 2003. A Certificate of Mail is included in the deposited items and that date was December 8, 2003. A check for a one month extension of time fee was included along with a Petition for Extension of Time. Thus, Applicants submit that the Patent Office timely received a response to the outstanding Office Action with a proper extension of time petition and extension of time fee.

Applicants submit that the delay in filing this petition was unavoidable. Applicants receive communications from the Patent Office directly and did not receive this Abandonment Notice until April 26, 2004. At that time, the notice was properly processed through their docketing system and sent to the remote Honeywell site that originated the application. At the time of delivery to the remote site, the Notice of Abandonment was sent to outside counsel for execution, which occurred in late June.

Respectfully submitted,
